Dear Sir,

**Sub: Updates – License received by the Company – Intimation under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.**

This is to inform you that Premier Explosives Limited has recently received “Export License for SCOMET items)” from Director General of Foreign Trade for export of “Propellant filled rocket motors (60 mm rocket motors live)” to Israel Aerospace Industries, Israel.

Premier Explosives Limited has successfully designed and developed the Rocket motor against an order received from the said customer in 2018.

The motor has been tested at our factory to the satisfaction of the customer. Having the export license on hand, now the company can dispatch the item to the customer who would conduct flight tests in Israel. We expect further orders for the item after successful dynamic tests at the customer's end.

This is the first time the company is exporting a SCOMET item (Special Chemicals, Organisms, Equipment and Technologies) and perhaps this is the first time Rocket motors of any kind being exported from India.

This is for your kind information.

Thanking you,

Yours sincerely,  
For Premier Explosives Limited

  
T.V. Chowdary  
Deputy Managing Director
